Your 4WD Adventure Starts Here

Looking for a 4WD camper rental in Western Australia? Our fully equipped 4WD off-grid camper is built for travellers who want a safe, comfortable and family-friendly outback road trip, while exploring WA beyond the tourist routes. Perfect for couples, friends or small families, this camper is designed for true off-grid adventure across Western Australia.

Powerful 4WD Performance For Remote Travel

Powered by a reliable 2.8L turbo-diesel engine with selectable 4WD (2H / 4H / 4L), all-terrain tyres, a 100L fuel tank and two spare tyres, this vehicle is ideal for remote and regional travel. Whether you're heading north, south or deep into the outback, this setup is made for long distances and rough tracks. Safety is a priority, with a 5-star ANCAP rating, seven airbags, ABS, electronic stability control, lane assist and adaptive cruise control. A reversing camera, front camera, GPS tracking system and a 3000A jump starter provide extra peace of mind on every road trip.

Fully Off-Grid Power and Electrical System

This off-grid 4WD camper is fully self-sufficient thanks to a 200Ah lithium battery, 170W solar panel and a 2000W inverter with 240V power. You'll find multiple USB and USB-C ports, Anderson connectors and accessory sockets throughout. Onboard comforts include an 85L Dometic fridge/freezer, ARB onboard air compressor with digital tyre inflator, 45L water tank with pump, 22L portable shower, plus a 240V electric kettle and toaster.

Essential Safety and Emergency Equipment

For remote outback travel, the camper includes a fire extinguisher, fire blanket, first aid kit, roadside emergency kit and a GME 406 MHz Personal Locator Beacon (PLB) with GPS. A complete 4WD recovery kit is also included, featuring recovery boards, shovel, tyre deflators, snatch strap and shackles.

4WD Camper Rental
Western Australia

Ultimate 4WD Off-Grid Explorer

- ✓ Rugged off-grid 4WD for remote travel
- ✓ 23ZERO Panther Horizon 1600 rooftop tent
- ✓ 23ZERO 270° Falcon X-Treme awning
- ✓ Fully equipped: kitchen, fridge & essentials
- ✓ Roof rack for surfboards and extra gear
- ✓ Optional extras and services

Comfort-Driven Camping Setup

The camping setup is designed for comfort and ease. The spacious rear canopy features LED lighting, a slide-out kitchen, drawer pantry, organised fridge storage and plenty of space for your gear. On the roof, the premium 2 person 23ZERO Panther Horizon 1600 rooftop tent offers quick setup, excellent ventilation, USB power, built-in LED lighting and a stargazing window. A large 270-degree Falcon X-Treme free-standing awning provides shade and shelter, while the roof rack allows space for surfboards or extra adventure gear.

Fully Equipped – Everything Included

All camping essentials are included, making this one of the most fully equipped 4WD camper rentals in Western Australia. The heavy-duty slide-out kitchen keeps everything within easy reach, fully stocked with quality cookware, tableware, fridge and a two-burner stove. So you can cook comfortably wherever you stop.

Throughout the camper, you'll find premium, heavy-duty gear built for real outback conditions. Bedding includes a luxurious down duvet and quality pillows for a proper night's sleep, along with towels and all the practical essentials you need on the road. A basic pantry is also included to help you get started on your Western Australia adventure.

Optional Services and extras for a Seamless Trip

Optional convenience services are available on request, including grocery shopping, airport pick-up and drop-off, and complete trip management with personalised route planning. We can assist with National Park passes, permits, overnight stays and local advice to help you get the most out of your Western Australia outback road trip. An off-road return clean is also available after your adventure.

Customise your adventure with our optional extras. Add a 2-3 person 23ZERO Duke 1600 swag, Oztent Screen House Hex or CoolCabana beach shade for extra comfort, and cook up a feast with the cast iron camp oven, Weber charcoal BBQ and full firewood kit. For families, we offer a child car seat and highchair, while water lovers can choose kitesurfing gear, surfboards or fishing gear. And with Starlink internet, you can stay connected, even off-grid.

Aurore Overland | Ultimate Off-Grid Explorer is ideal for anyone looking for a reliable, comfortable and off-grid 4WD camper rental in Western Australia. The perfect base for an unforgettable outback adventure.
